PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing RESTful APIs, managing application state, integrating JWT-based authentication, and building responsive user interfaces. Experienced in developing project management and expense tracking applications. Seeking an entry-level MERN Stack Developer or Full Stack Developer role.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), Java, Python

Frontend: React.js, React Hooks, Context API, useReducer, Redux Toolkit, React Router, HTML5, CSS3, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, RESTful API Development, JWT Authentication

Database: MongoDB, Mongoose

Developer Tools: Git, GitHub, Postman, Axios, Vite, npm

Computer Science: DBMS, Object-Oriented Programming, Operating Systems, Computer Networks, DSA

AI Technologies: Fundamentals of AI, Large Language Model (LLM) Concepts, Tokenization

PROJECTS

FlowDesk | MERN Stack, Redux Toolkit, JWT, Socket.IO
Live Demo | GitHub

- Developed a full-stack project management application using React.js, Node.js, Express.js, and MongoDB.
- Integrated RESTful APIs and JWT-based authentication for secure communication between frontend and backend.
- Used Redux Toolkit for state management and Socket.IO for real-time communication and application updates.

Expense Tracker | MERN Stack, Context API, useReducer, Recharts
Live Demo | GitHub

- Built a full-stack expense tracking application to manage financial transactions and monitor income and expenses.
- Developed RESTful APIs using Node.js and Express.js, with MongoDB for persistent data storage.
- Created a responsive React.js interface using Context API and useReducer, with Recharts for financial data visualization.

Other Projects: Shopping Cart, Movie Explorer, Todo List, Quiz App, Responsive Portfolio Website

EXPERIENCE

Full Stack Intern, Neo Skillz Ongoing

- Selected for a four-month Full Stack Training and Internship Program focused on practical web development.
- Gaining experience in frontend and backend development, RESTful APIs, application implementation, and industry-oriented development practices.

AWS Skill Builder: IoT Cloud Engineer Virtual Internship Virtual

- Completed a virtual internship focused on Internet of Things (IoT) and cloud technologies using Amazon Web Services (AWS).
- Gained practical knowledge of AWS IoT Core, MQTT communication, and cloud-based device management.

EDUCATION

B.Tech in Information Technology 2022–2026
Raj Kumar Goel Institute of Technology and Management
CGPA: 7.2/10

Class XII, Saraswati Vidya Mandir (CBSE) 2021–2022
Percentage: 73.1%

Class X, Saraswati Vidya Mandir (CBSE) 2019–2020
Percentage: 72.8%

CERTIFICATIONS

- AWS Skill Builder: IoT Cloud Engineer Virtual Internship
- IBM: Data Visualization Using AI Tools
- DMRC: Practical Exposure to Metro Operations
